

In this case, given that Lenz teaches away from the use of a transportable data storage medium, there is no justification to import the teachings of Parulski et al. or any other reference relating to the use of portable memory devices. Moreover, since Parulski et al. is limited to the display of the specific images that are stored in separate image files to display those images in the manner desired by the user, there is no motivation to combine these two references for the purposes of rejection.

Based upon the foregoing comments, Applicants believe all pending claims are in condition for allowance. Questions regarding this application may be directed to the undersigned attorney at the telephone/facsimile numbers provided.

Respectfully submitted,
